

# HEMATOLOGY

## Referral Guidance Sheet

*I wish to go  
on a cruise*

**Katya, 8**  
blood disorder

***To qualify for a wish, a child must meet these criteria at the time of referral:***

1. Older than 2½ years and under 18 years
2. Has not received a wish from another wish-granting organization
3. Diagnosed with a condition currently placing the child's life in jeopardy

### Usually qualifying Hematology conditions:

- Aplastic anemia
- Bone marrow transplant (within one year)
- Hemophagocytic lymphohistiocytosis
- Severe congenital or acquired bleeding disorders with:
  - Hemorrhage in vital organs resulting in significant morbidity (e.g., intracranial hemorrhage with neurodeficits, organ injury requiring intensive supportive care, etc.)
  - High titre hemophilic inhibitors resulting in repeated life-threatening bleeding episodes
- Severe combined immunodeficiency (SCID)
- Stem cell transplant (within one year)
- Severe congenital or acquired blood cell disorders with:
  - Treatment requiring chemotherapy infusions
  - Serious complications resulting from transfusion therapy (e.g., iron overload)
- Sickle cell disease (Hb-SS, Hb-SC) or thalassemia with severe or chronic complications such as:
  - Acute chest syndrome
  - Splenic sequestration
  - Stroke or severe cerebrovascular disease
  - Necessary regular transfusion
  - Pulmonary hypertension
  - Multiple severe pain crises within past year
  - End organ damage requiring additional supportive measures

### ***Other conditions that may be eligible for a wish with complicating comorbidities:***

- Complications of immunodeficiency or from immunosuppressive therapy
- Coagulation disorders
- Many other conditions not listed
